CALL FOR ABSTRACTS DEADLINE

There are over one billion people worldwide who have disabilities. Currently, they represent 15% of the total world population. This percentage is expected to increase due to the aging population, especially among the baby boomer generation in the next 15-20 years. By 2020, 40% will have some form of disability.

Come discuss the vital issues concerning the inclusion of people with disabilities and specific access requirements in tourism and accessible travel.

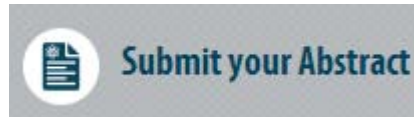

Together, we will review the achievements that have been made in the world's leading accessible destinations, regions and cities, share and discuss good practices and methods and chart a course for the development of **One World of Inclusive Tourism for Everyone**.

The Summit is the **perfect opportunity to share your research and good practices** to make destinations for all. Don't miss the opportunity to speak to the industry stakeholders. From hotel chains, airlines to government and non-government organizations from around the world, we're allowing people to come together to make tourism accessible and inclusive.

Deadline to submit an abstract is March 17, 2014
